

City of Huntington Beach Public Works Engineering

Requirements for “As-Built” plans

1. Submit a copy the approved project blue line plans with the construction “As-Built” changes marked in RED for review by staff.
2. Staff will review the changes marked in red against the original plans.
3. Once the plans have been compared against each-other, staff will call the engineer to pick up the original plans and make the changes.
4. The Engineer will then place the “As-Built” certification statement (listed below) on every sheet in the set.
5. Engineer will return “As-Built” mylars along with “As-Built” blue line check prints to the City for final project sign-off.

AS-BUILT: THE UNDERSIGNED CERTIFIES THAT ALL IMPROVEMENTS SHOWN HEREIN HAVE BEEN CONSTRUCTED IN SUBSTANTIAL CONFORMANCE WITH THE DIMESIONS, LINES, AND ELEVATIONS INDICATED.
